26TH ANNUAL WEST TX DOVE CLASSIC

**A GUIDE TO A FUN-FILLED WEEKEND
BENEFITTING THE FOLKS AT DRI**

A SPECIAL PLACE & THEN SOME...

Who is Disability Resources?

Disability Resources, Inc. is a 501(c)(3) non-profit organization in Abilene, Texas that provides exceptional care and contented lives for adults with intellectual and developmental disabilities. Founded in 1987 with a single home in the Abilene community, DRI has grown to seven on-campus homes, as well as a day and vocational program.

On our expansive campus, we provide exceptional enrichment for life skills development, healthy lifestyles, vocational training, and on-site jobs! Our educational programming utilizes new technology, with one-on-one facilitators, to ensure individualized, life-long learning and personal growth. In addition, DRI's extraordinary care incorporates holistic engagement and individualized therapies for our folks by partnering with medical and therapy experts such as the West Texas Rehab, Hendrick Health, Hardin Simmons University, McMurry University, and Abilene Christian University. We are proud to say that DRI's care and love for the folks is second to none.

Why do we need your support?

The safe and nurturing environment provided at DRI enhances the lives of our beloved folks and provides them with opportunities for growth and independence. We are excited to continue expanding our infrastructure to be able to welcome more folks into our day and vocational programs! In order to complete this expansion, we need your support. Donations will allow us to upgrade our gym and exercise equipment, continue with our raised bed garden project, and add other materials to support the needs of additional folks.

The care and quality of life for our folks is of utmost importance! To maintain the extraordinary level of care DRI is known for, we rely on generous donors to bridge the gap between government funding and our annual budget. Donations ensure our folks have access to equipment and materials for enriching quality-of-life activities and allow us to provide a variety of commodities such as exercise equipment, specialized books, arts and craft materials, and much more for our residential homes and activity center.
